through youth development*

**Before & Afterschool care  
and Vacation Care**

## Enhancing Queensland communities through youth development

### Philosophy

Here at Bardon School Age Care we believe in a child-centered care environment where the social, emotional and developmental needs of our children are priority. We aim to promote the personal growth of our kids through quality programming with an educational focus, and by fostering a safe and fun atmosphere where children feel welcome and supported. Our ultimate goal is to ensure our kids are happy, healthy and competent global citizens.

### All About PCYC

The Police-Citizens Youth Club (PCYC) has been providing quality school age care for young people for over 30 years. We are the largest provider in Queensland, currently operating over 130 services which include before school care, after school care and vacation care. Our goal is to always exceed the requirements set by national guidelines through the provision of good food; engaging, educational and age appropriate programs; ample modern and traditional resources along with professional and enthusiastic team members.

### CCS

To be eligible for Child Care Subsidy you will need to provide us with you and your child's CRN. You will then have to approve this on your MyGov account. We require the child and parent date of birth and a unique Customer Reference Number (CRN) for the child and parent to make a formal enrolment. CCS is income tested and will reduce your daily fee accordingly

### Resources

Bardon School Age Care has access to all school amenities including three modern playgrounds, the library, an undercover multipurpose court, and two oval areas. A physical activity is run in one or more of these areas every afternoon for children who enjoy outdoor recreation and sport. Our classroom also features a fully-fitted kitchen, reverse-cycle air-conditioning and media area with TV and video

## Engaging, Educational & Age Appropriate

PCYC in partnership with the government, community, business and families is about achieving excellence in youth development by encouraging participation in recreational, sporting, cultural and welfare programs. Our programs are stimulating, adaptable, flexible, and involved, with a variety of opportunities for children to pursue their current interests and develop new ones. **Our school age care programs ensure that you will see:**

- "Laughter coming from the children and the staff
- "Smiles on all their faces
- "New skills being learned and developed
- "Friendships that will last a lifetime

games. Carers often use the kitchen facilities to engage the children in cooking activities and competitions. To keep them entertained we also have a wide range of board games, dress ups, a dolls & toy animals, imaginative play restaurant, construction materials including Lego, Mobilo and blocks and a wide array of art and craft resources. A craft activity is run every afternoon to amuse budding artists and kids who like things messy!

## Good Food

We recognise that when children have access to healthy eating choices they perform better at school; having improved concentration and cognitive abilities. This results in greater academic success and positive behaviours. The role of PCYC, as an extension of the school, is to provide a nutritious menu to better help the children retain information and succeed academically.

Children have/learn:

- "Input into the menu
- "Discussions on healthy eating
- "Smart food choices
- "Healthy eating role model practices
- "Manners in practice
- "Social etiquette
- "Health and hygiene practices
